BUILDING BOYS' DORMITORY

ALMA MATER

On Sevierville's southern border, reared against the sky,
Proudly stands our Alma Mater as the years go by.
Praise to thee, our Alma Mater, moulder of mankind;
Greater glory, love unending, be forever thine.

Balmy breezes gently wafted through inspiring halls,
Mem'ry's leaflets closely twining shall fore'er recall
Yesterdays that waken in our hearts a tender glow,
Making greater still the love that we have learned to know.

"Ever onward" be our watchword, conquer in each test;
We owe a life of loyal service to old B.T.S.
Praise to thee, our Alma Mater, moulder of mankind;
Greater glory, love unending, be forever thine.

ZENO C. THARP, President

A clear judgment, a keen insight and business ability; a consistent, sincere, and inspiring form of practical godliness; a heart of understanding and campassion, always ready to hear any caller; a ready humor and hearty laugh at any haur af the busy day—this is the "Brother Tharp" wha has won aur canfidence and endeared himself ta aur hearts. Ta him, the students of B.T.S. wholeheartedly dedicate this, our first, VINDAGUA.

A MESSAGE FROM THE PRESIDENT

Life is what you make it. The one who gets the most out of life is the ane wha puts the most into life; therefore, put all you have inta it. The fellaw who enjoys life mast is the fellaw who can take its knocks and jolts the easiest, wha can "endure hardness as a goad soldier."

You have been taught ta face life courageously, ta strike straight at the heart of anything that might keep you from your best. Yau have been infused with power to live. This pawer must be released in service; your gifts must be shared with athers.

The school, the Church and the world are counting on you. I know you will nat fail.

"Let yaur light so shine" that thousands of others will get at least a glimpse af its blazing glory and come for light and warmth and power.

ZENO C. THARP.

The school's beautiful Grand piano is an appropriate memorial to the Senior Class of 1941-1942. Presented to the Bible Training School for the new auditorium, it stands a tribute to hard work and willing cooperation with its president, Fletcher Phillips, and its beloved sponsor, Zeno C. Tharp.

The present Senior Class has well exceeded any previous class financially, having nearly doubled their goal of $500 by the end of March. In addition to the piano, another important project was the purchase of fifty copies of the "Vindagua," each member being presented one.

In order to provide an opportunity for our young men and women to attend college where godliness and morality are upheld, the School Board, through much prayer and hard work, has added the Junior College Department to the B.T.S. this year. Efforts have been made to secure the best instructors possible, and the total enrollment has been around twenty-five. Accreditation is expected within a year or two. Remembering the small Bible School in Cleveland many years ago, this is indeed an encouraging beginning, and prospects are good for its future.

The Christian Workers' Department was started twenty-four years ago with six members in Cleveland. Slowly it has grown, but surely. Its graduates have been its best advertisement, and many former students are now sending their sons and daughters to B.T.S. By 1937 the school, as a whole, numbering 157, had outgrown its old home and was moved to Sevierville in 1938. This department has enjoyed steady growth up to the present year. A Correspondence Course also has been maintained for twenty-one years.

Realizing the great need of a Christian environment for students af the preparatory school age, Rev. J. H. Walker introduced the Commercial and High Schaol departments about twelve years ago.

Since that time, the grawth af the High School Department has been steady, and its efficiency has increased so that it is an asset to the school. The student body has grawn until this year the High School has even surpassed the Christian Workers' Caurse in enrallment. Hundreds of alumni have enthusiastically testified that this schaal, where God is put first, is different from any ather institutian they have ever attended.

LIBRARY PROJECT

At the beginning of the year a Library Club was formed for the purpose of the building up of the library, which was inadequate for the accreditation of the school. This being a vital interest of the Junior College Class, they therefore joined hands with the Library Club. As a result of hard work and cooperation, there had been an increase of over 2,200 volumes, and more than half of the $500.00 goal had been reached by the middle of March.

The picture above shows some members busily sending out letters

Plays, debates, recitals, and lectures are presented by the various organizations from time to time for the entertainment and benefit of the students, and in order that proper emphasis may be laid on public expression.

The picture above is a flash from a humorous play given by the Speech Club on the evening of February 27, 1942. Here we see the defense thrown into dismay when the evidence number one, who was brought in dead, suddenly comes to life to contest the argument.

SINGING CONVENTION

Hundreds of people gather into the auditorium monthly for enjoyable community singing conventions, so characteristic of the South. New songs are sung under various directors and the different singers render special numbers. Adding to the interest of these conventions is the appearance of local and out-of-town talent. This is the singing convention of Sunday afternoon, February 22, 1942. The new auditorium in which the last singing convention of this term is to be held, will seat twice the approximately 450 gathered here.

CARL T. WILLIAMS

Carl Williams entered this school five years ago considerably handicapped physically. He was always cheerful, however, and had the courage and the determination to press forward, completing the high school and the Bible courses, and working part of the time.

Carl plays the piano and guitar; and his xylophone, here shown, is an interesting feature of both the band and the school.

HORACE McCRACKEN
EDITOR

"Whatsoever thy hand findeth to do, do it with thy might." Eccl. 9:10.

There is a joy in warking, a thrill in creative effart. There is a satisfaction, for example, in making a good picture, and a deep gratefulness for faithful and willing coaperatian.

But these of themselves are anly the wark af men, and there should the credit for man's wark cease. Nourish yaur work with prayer and tears, and add ta your effort the blessing of God, and you will praduce results which are not anly appreciated by men, but enduring in the sight of God. Ta Him the credit belangs.

A hearty "Thank you!" to all aur spansors, students, and friends wha have helped make this annual possible. I feel its cantents outweigh our labors and I pray that the jay of remembrance and the Spirit af Gad will reward you for your kindness and cooperation with us in campiling it.
